Answers Every Call

Norway People Have Found That This Is True.

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific. Many Norway people rely on it. Here is Norway proof.

S. C. Foster, Main St., Norway, Me., says: "I have used Doan's Kidney Pills and am able to speak highly in their favor. Several years ago my kidneys began to trouble me and learning of Doan's Kidney Pills, I procured a box. It was not long after commencing their use that I felt much better. I was free from kidney trouble until recently when a cold brought on another attack. I procured Doan's Kidney Pills at Stone's drug store and after taking a few doses, I was relieved of every symptom of the trouble. Whenever I have taken this remedy it has never failed to help me and I therefore speak highly in its favor when an opportunity occurs."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

Remember the name—Doan's—and no other.

Echo Lake.

O Lake, fair Lake! thy waters bring thousand joys to my heart. The music of thy waves upon the beach. Wrap me around in misting sweet. Like the lapping of the waves. Or, like the wailing sea-gull in his flight, Speed to me hours when I have no more. And clear and still reflecting all. The hills, and landscape bright and green, So calm I save where some of us list. Ripping the surface may be seen. I, in my fancy, seem to see. A sickly bark, and proud, and gay. And soon, the roaring breakers rise. Out-times the white-capped waves run high. And o'er the surging waters vast and deep, Dare none but man brave, come in. My bark, upon the angry tide. Bears up with wondrous grace, and might, In riding the waves, and out her course. And all around is black as night. On Lake! like thee this fateful life. The unknown fate, that I have chosen. Like thee O Lake, a still life's mystic span. Where tears and triumphs interblend.

Ministering Angels.

"When pain and anguish wring the brow," My ministering angel, where art thou? I miss thy gentle, soothing hand. And sweetest words, very near; Angel of tenderness, draw near. You come on a hunting trip, or deer. Or moose, or gentle caribou? I can't believe it, sweet, of you. Thy rosy cheeks are out her course. To grasp a hunting knife and sit. The guile of a wounded deer. The thud of the gun, I feel. O! Mother Nature never meant. The steady nerves she kindly lent. You come on a hunting trip, or deer. Or moose, or gentle caribou? I can't believe it, sweet, of you. Thy rosy cheeks are out her course. To grasp a hunting knife and sit. The guile of a wounded deer. The thud of the gun, I feel. O! Mother Nature never meant. The steady nerves she kindly lent. Results That Count in Truth.

To the Editor: In your issue of Oct. 15, you printed an interesting communication under the headline, "Blood Tolls, Results Count."

In the article the writer uses these words regarding the action of the committee of judges of the Oxford County Agricultural Society, who gave a blue ribbon to a grade Percheron horse from Missouri, while an animal bred by M. C. Aveline, president of the Percheron society in France, was given second premium.

It was a fair proposition to take into consideration manifest results. The colts were there as well as the sires.

The real goods are sometimes distinguishable from "gold bricks" and the men who pass honest judgment and do not thereby easily survive any amount of unjust criticism. There is the meat of this unknown writer's message to horse breeders.

He does not say that the get of the stallion in question were passed upon by the judges. Not at all. He leaves that, however, to be inferred.

Let us see what the facts are. First of all the committee did not come near to the true Percheron to decide whether it was worthy of any place at all in the awards before reaching a decision.

Secondly, the committee never examined the "results" which the bold writer of this anonymous contribution to current literature sees fit to denounce as "gold bricks." Therefore the "results" which he infers count for so much do in reality count for nothing.

Further the colts of both sires were passed upon by another committee with the result that while the get of the blue ribbon stallion took two prizes out of the other four went to colts of the red ribbon animal.

These are truly "results that count." I do not pretend to analyze or explain the reasoning (?) of the committee which made the rewards in the draft stallion class.

I do not hesitate to declare that breeders seeking colts free from undesirable blood, will without hesitation overrule the decision of the committee when as a court of last resorts they pass upon the merits of the issue by choosing a stud.

Maine Buying Own Bonds.

In an advertisement of a sale of certain lots of State of Maine bonds maturing soon a Boston Banking firm sends out this statement: "The State of Maine, having an area of 33,040 square miles, is nearly equal in size to the combined states of New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut."

Maine is one of the few states in the union which has been constantly reducing its debt, largely by purchasing its own securities, which fact is shown by the following statements: On January 1, 1870, the total debt was \$3,100,000; on January 1, 1880, \$2,560,000; on January 1, 1900, \$1,360,000; on January 1, 1909, \$608,000.

Of all the New England states, Maine has the smallest net debt. Its total debt of only one dollar per capita is less than any other state in New England in natural resources.

With its railroads, abundant water powers, extensive coast line and with many natural harbors, it is showing a remarkable commercial activity. Its thousands of beautiful lakes make it one of the prominent resorts of the country. Its products are known the world over. This is what Uncle Solon calls "Good easy reading."

Hilaire E. Mercier of Rumford committed the crime of perjury. The jury found him guilty and sentenced him to 6 months and a fine of \$100. The Fogg case of guilty of maintaining a nuisance.

A case which had been expected to occupy considerable time, but the outcome of which came sooner than anticipated, was the indictment against Albert B. Sanborn of Hiram for assault with a dangerous weapon with intent to kill. This case was begun early in the afternoon Saturday.

Albert B. Sanborn is a laboring man 37 years of age. A grandson of his, Tarbox boy, nine months old, was stricken with pneumonia last spring and after a few days' illness died on the 5th of May. The child was attended by Dr. Charles E. Wilson of Hiram. The funeral was held at the home of the deceased, where he had been exceedingly attached to the boy, and was much affected by his death. He had also been displeased by Dr. Wilson not meeting with another physician who had been called to see the child.

Between 5 and 6 o'clock of the 6th of May, the day after the child's death, Sanborn went to the house of Dr. Wilson with a loaded revolver in his hand, and going into the house inquired for Dr. Wilson. Dr. and Mrs. Wilson were then driving to the house of the neighbors. He came into the yard just about that time and Sanborn followed them into the stable. He told Dr. Wilson that he had come to kill him, and covered him with the revolver. Mrs. Wilson ran into the house and summoned the neighbors. Sanborn continued his talk for some time, and as the neighbors came into the stable one by one warned them to stand back. Finally Dr. Wilson made a break through the door of the stable and he is now standing and stable near which he is standing and the same instant the revolver was discharged without effect, and the doctor's son, Charles L. Wilson, jumped and wrenched the revolver from Sanborn's hand. He was then seized by the men in the stable and placed under arrest.

County Attorney Parker conducted the case for the state, and Hon. James S. Wright was attorney for Sanborn. A large number of witnesses were in attendance. The case had proceeded but a little way before questions in Mr. Wright's cross-examination brought out the fact that a plea of insanity at the time of the act might be possible, and Judge Emery suggested the sending of the trial and committing Sanborn to the insane hospital for observation. This suggestion led to conferences by the counsel and the court, and after about half an hour it was finally agreed that the state should not press so much of the indictment as alleged intent to kill, and Sanborn pleaded guilty to assault.

This took the case from the jury, and Judge Emery heard evidence to aid him in fixing the sentence. Sanborn was placed on the stand and told his story. He was badly affected throughout the proceedings, and at times had difficulty making answers to the questions asked him. In going over the incidents of the 6th of May, he said that he had no recollection of getting into the stable, only a partial recollection of what followed until the discharge of the revolver brought him to some consciousness of what was going on.

After hearing so much of the evidence as to the state of mind of the defendant, Judge Emery took the matter of the sentence under consideration.

Monday afternoon the case of Maurice R. Fogg of Hartford was commenced. Mr. Fogg is the Superintendent of the factory at Hartford and it is alleged that he maintained a liquor nuisance at the boarding house near the factory. It seems that some three weeks in the vicinity of the last of June and first of July Mr. Fogg had let the second floor of the boarding house to a Mr. Rand, who lived there and boarded himself.

On the fourth of July there was some liquor drunk among certain parties who were present at the boarding house.

The express order was sent. Mr. Fogg between May 22 and July 4, were read and a long-necker and several wrappers

were produced which were procured by the sheriff who searched the premises and found a quantity of bottles and some kegs.

Mr. Fogg affirmed that he was in the habit of taking a drink when he desired it and accounts for the shipments which he received as being ordered by him for his own use and some of his friends who came to him and asked him to order some for them when he sent.

Joe Gerry was one of the men present at the boarding house on Sunday night and affirmed that he had drunk while there, but did not say that Mr. Fogg was the one who passed the liquor, he thought they all did their share.

Clytie Braden witnessed that she met Gerry early Monday morning and he was intoxicated. When he had left her home at 11 o'clock the night before he was sober. He had stopped at the boarding house that night and when she saw him the next morning he was staggering.

Tuesday morning court opened and the Fogg case continued. Among the witnesses for the defense were Steven B. Rand of Rumford Falls, D. E. Millett, W. F. Benson, A. H. Howe, East Sumner, B. Tinkham, Mr. Poland and Mr. Ford of Hartford and Albert M. Fogg of Sumner.

The hearing of the witnesses took till nearly noon when the case was given to the jury.

The judge in his charge to the jury explained the case in a fine comprehensible manner. He said that Mr. Fogg was not charged with selling or keeping intoxicating liquors, but is charged with maintaining a nuisance and if it could be proven that if he had maintained a nuisance for one hour during the time stated in the indictment he would be keeping a nuisance. He showed that if this boarding house was to be a place of resort where liquors were given away the verdict would be in favor of the State. He also explained the difference when a person invited his friends to his apartments and treats them than when people gather at a particular place, uninvited, for the purpose of getting something to drink.

The Judge discharged the jurors at a little past two Tuesday afternoon.

BETHEL.

Bethel Grange Work.

There was a special meeting of Bethel Grange last Friday evening, with work in the 3d and 4th degree. The Master of the State Grange, C. S. Stetson, with the district deputy, A. E. Morse, and the State chaplain, Rev. J. H. Little, were present. The State Master initiated the candidates, exemplifying and explaining the degree work with the signs and signals of the order, in a way that was very impressive and instructive to all present. It was one of the most interesting meetings ever held by Bethel Grange. After the work of initiating the State Master gave a very interesting and valuable address on Grange work and at the close a rousing vote of thanks was unanimously extended to Mr. Stetson and the other officers present for their presence and assistance.

Rev. J. H. Little preached at Mason, Sunday afternoon at 3 o'clock.

Next Sunday, Rev. Mr. Ward of Norway will occupy the Universalist pulpit here in exchange with Mr. Little.

At the meeting of the Young People's Union last Sunday evening the vestry was full almost to an overflow and extra seats had to be brought in.

Sarah B. Chapman has graduated from the Wentworth hospital in Dover, N. H., and has returned to her home in Bethel, where she will make her headquarters.

Saturday's and Sunday's showers here were snow flurries on the adjacent hills and summits of the highest peaks last Monday morning were white with snow.

Mr. Beal, who was in the glove business here for a while, is moving this week to Lewiston, and Rev. Mr. Little will occupy the house vacated by Mr. Beal as soon as a furnace can be put in.

The ladies of the Universalist society held a sociable in Odeon Hall, Friday evening of last week, to raise funds to purchase new anthem books for the choir. There was a large attendance and the evening was so well enjoyed that it was decided to have a similar gathering twice a month during the winter. The proceeds were sufficient to purchase the anthem books and also books for the Universalist Sunday school.

GROVER HILL.

Little Ethel Stearns visited at N. A. Stearns' over Sunday.

Mr. and Mrs. J. H. Heaward were in Upton, Monday, where occurred the funeral of Mrs. Martha C. Brooks.

The people of this place were greatly shocked to learn of the terrible accident at Rumford last Friday, which resulted in the death of Mrs. Martha C. Brooks at this place. A great deal of sympathy is expressed for the bereaved family, especially Mrs. James A. Heaward, the only daughter of the deceased, to whom her mother was very dear.

HEBRON.

A crew of men are working on the Stearns road.

Mr. D. F. Cummings recently sprained her knee.

Mary L. Merrill of Portland has been working at Ezekiel Merrill's.

A. D. Richmond of Dover, N. H., has been visiting at J. S. Bumpus'.

Just to what extent automobile lamps can be used to "jack" game is not clear.

Next spring we may expect to see the Haley comet in all its glory.

How to Foil Burglars.

Where the sash of the upper and lower windows meet drill a hole with a brace and bit deep enough to go completely through the sash of the lower window and halfway through the sash of the upper window. Insert a heavy nail or small spike of the same length as the hole you have drilled. This fastens the windows together so firmly that nothing short of a crowbar, with its attendant noise, can pry them apart. The nail is removed easily to open the windows.

How to Dye a Faded Carpet.

To dye a faded carpet boil strong dye in a wash boiler or other large receptacle. Lay carpet on an old floor, all a garden sprinkling can with the dye and apply to the carpet. Then with a stiff broom scrub the dye into the carpet well and evenly. Let it lie to dry for several days. When nearly dry hang out in the sun to finish the process.

NORWAY AND VICINITY.

50th Marriage Anniversary.
Mr. and Mrs. T. H. Sawin observed the 50th anniversary of their married life last week, Tuesday. Owing to Mr. Sawin's poor health only a few were present—Mr. and Mrs. J. E. McIntire, Mr. and Mrs. L. E. McIntire, Mr. and Mrs. B. C. McIntire and Mr. and Mrs. C. S. McIntire. Letters were received from many friends and those present greatly enjoyed hearing the letters read. A beautiful poem was also read, written by Mrs. S. A. Wheeler of Waltham, Mass.

They received a liberal number of presents in coin and various articles of beauty and value.

The day was set apart for a happy day with their friends who came in the forenoon and stayed until well into the afternoon. At noon a most appetizing lunch was served.

Strange but True.
Nellie Drew is the owner of a strange rooster. She has seen him catch two mice. Don't you think he would be as good as a cat to let loose in the house to catch mice? He is a full blooded White Leghorn.

Eva G. Richardson of Greenwood Hollow, the daughter of Chas. A. Richardson, brings to the Advertiser office ripe raspberries as large and fine flavored as any in their season. They have had them served at meals twice of late, each time a good generous supply. They are of the wild variety and grew on their Greenwood farm.

Heien Noyes is spending the week in Portland.

Thomas Poirier and wife of Richmond, Que., are visiting Mrs. Poirier's sister, Mrs. Charles E. Gilbert.

Alton Allen is doing quite a business for the season gathering strawberries. There are plenty of blossoms on the same plants.

Willie Durrell of Northwest Norway has raised a potato this year that is composed of 11 potatoes all joined together. It weighs 1 1/2 pounds.

George W. Holmes has a butternut tree in his yard that has yielded ten bushels of nuts and he estimates that there are ten more bushels on the tree.

Fred M. Davis on Maple street is a big potato raiser as well as a good painter. He showed us a potato weighing 2 pounds 5/8 ounces, which he raised in his garden.

A. H. Foster at the Center of the town had a Baldwin apple tree that was loaded with fruit. On one of the small limbs about three feet long, there were twenty large apples. The tree was about ten years old.

E. N. Thomas is having rooms fitted up in the old of Old Bartlett store, and will move his repair and shoemaking rooms from the Ryerson block there. Mr. Thomas has occupied his present place of business six years.

Howard R. Stevens, the vocal teacher of Portland, will begin his Norway season October 26, and will be at the studio of Mrs. Herman L. Horne every Tuesday beginning with this date. Those who wish to engage time for lessons may do so by telephoning Mrs. Horne.

Albert Canwell has gone deer hunting up to his adoptive son's, William Durrell's, at Northwest Norway. His wife is soon to join him. Nellie Drew is going to stay and take care of the hens while they are gone. He has a beautiful flock of Rhode Island Reds, about a hundred in all. The rooster took the first prize at the Bridgton fair.

The Senior Class of the N. H. S. held their first supper and social of the season at Concert hall, Friday evening. A fine baked bean, pastry and salad supper was served at six-thirty. After the supper the usual social was held and games were played till a late hour. There was a good attendance to both supper and social and the seniors realized a nice little sum in return for their efforts.

The rugs lost by the Waterford stage driver belonging to Steve McAllister were found by Des Lowell, William Durrell's wife's father. While going home from his work the horse refused to go. Mr. Lowell got out to see what the trouble was and found this large bundle of ten rugs and a lady's cape. He returned it to the Norway Advertiser office and we hope they have found their owner. The rugs were valued at ten dollars. If every one was as honest as they were, there would be more and their lost things.

Supreme Judicial Court.

October Term, 1909.

The grand jury reported an indictment against Albert Sanborn of Hiram charging him with intent to kill.

The action of Harris L. Elliott against Matthew McCarthy for charges made during the State political campaign of last year regarding the enforcement of the liquor laws at Rumford Falls in which the defendant recovered judgment on the trial of the case at the May term, and which was carried to the law court by the plaintiff on motion for a new trial, the evidence not having been filed in court, the judge has ordered that judgment be rendered on the verdict for the defendant. This finally disposes of the action.

In the case of Wilbur L. Farrar against Dr. Alfred King for alleged malpractice in performing an operation on him for gall stones where the court at the May term ordered a non-suit, a similar disposition was made of it and judgment has been rendered on the verdict for the defendant, who recovers costs of suit.

In the suit for trespass for cutting timber of Elliott M. Luce, admr., vs. Lewis M. Mann which was referred to A. S. Kimball and Lester Tebbetts (the latter having died) the referee reported a judgment for the plaintiff for \$125.00, which was accepted.

In action of trespass of Charles E. Richardson et al, against Robbin Arsenault et al, to in effect determine a line between adjoining owners of land, which was referred to Dr. James S. Wright, Waldo Feltengill and Henry Nelson, the referees award \$68 to the plaintiff.

Ralph T. Parker, esq., referee in suit of Will S. Marble against Burleigh Smith, applt., on decision of judge of the Rumford Falls municipal court, reported a judgment for the plaintiff for \$8.25, the same sum awarded by the court below.

The following are the special jurors summoned for the trial of criminal cases, on account of five jurors having been excused, W. Frank Cox and Geo. W. Holmes of Norway; Wirt Stanley, Irvin E. Anderson and R. Thomas Flavin of Paris.

The grand jury completed its work for the October term at noon Friday and reported 42 indictments, 40 of which were made public as follows:

Joseph Waznis, liquor nuisance.
Joseph Finkley, liquor nuisance.
Salvatore Ayelin, criminal assault.
Brouillette Bellini, nuisance.
Fred F. Burnham, breaking, entering and larceny.

Albert Conlon, nuisance.
James Aiken, keeping house of ill fame.
William Aiken, keeping house of ill fame.
Lizzie Aiken, keeping house of ill fame.
Stanley Cyr, nuisance.
Eda Cyr, nuisance.
Thomas Curran, nuisance.
Maurice R. Fogg, nuisance.
Charles Winslow, 3 indictments larceny.
Fred A. Dixon, nuisance.
Al F. Smith, keeping house of ill fame.
Alice Smith, common seller.
Sidney Russell, larceny.
J. L. Lebel, nuisance.
Michael Urban, 2 indictments larceny.
John Gillis, nuisance.
George Duran, assault with dangerous weapon.

Harry Siddall, nuisance.
James H. Gellacher, nuisance.
James McKenzie, larceny.
Albert A. Lukin, 2 indictments larceny.
Freeman Gable, single sale.
Georgiana Fortin, nuisance.
Joseph Chase, receiving stolen goods.
Abram Khan, receiving stolen goods.
Joseph Lissman, receiving stolen goods.
Augustine Yano, larceny.
Lucien Martin, forgery.
Albert B. Sanborn, assault with dangerous weapon.

Ed Day, larceny.
Walter I. Abbott, 3 indictments for larceny; 1 indictment breaking out of lockup.
Fred Fogg, nuisance.
Charles Johnson, adultery.

F. L. Lebel pleaded guilty to maintaining a liquor nuisance at Rumford Falls in his tailor shop, on the search and seizure process appealed from the Rumford municipal court, the judgment of the lower court was affirmed with additional costs and he paid a fine of \$100, costs of \$12.91. On future good behavior the nuisance indictment remains hanging over him.

Thomas Curran of Rumford pleaded guilty to maintaining a nuisance at his dwelling house at Rumford. He had appealed a prosecution against him originating in the municipal court, and the same disposition was made of his case as that of Lebel's. Curran paid a fine of \$100 and costs taxed at \$18.54.

Shortly before noon Saturday the jury, which heard the evidence in the case of State vs. Mike Urban of Rumford, returned a verdict not guilty. Urban was indicted upon two charges of larceny and pleaded not guilty to both. He was tried

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to. In the suit for trespass for cutting timber of Elliott M. Luce, admr., vs. Lewis M. Mann which was referred to A. S. Kimball and Lester Tebbetts (the latter having died) the referee reported a judgment for the plaintiff for \$125.00, which was accepted.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and restorer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ill and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

upon the first indictment, that of taking three bank bills from a fellow Polander. After the verdict was received the second case was not pressed.

There was an evening session of the court to hear divorces, lasting until after ten o'clock. Some 15 cases were heard. Two were dismissed for informality. Decreases will not be entered till later in the term.

Indians Increase 40,000 in 20 Years.

The popular idea that the American Indians are decreasing in number is dispelled by official figures showing that, Monday there were more than 300,000 red men in the United States.

The increase in population of about 40,000 during the last two decades is attributed to the government's constant effort to uplift the race to the level of contemporary civilization. The government is not only providing this race with its powerful protection, but is providing every means for the uplifting and enlightenment of the race and is injecting civilized customs and modern methods into the Indians' daily life.

Three and one-third million dollars is being expended by the United States annually for the education of more than 80,000 Indian boys and girls. Looking to the broader and practical education of the Indian, the government is extending its system of apportioning lands.

The cultivation of these allotments by the Indians, or the letting of them for short periods to white persons for farming or grazing, is a matter toward which the Indian service is directing much attention.

Reflections of a Bachelor.

The more a boy's education costs the less he seems able to cash in on it.

The more sisters a man has the less he can understand some other fellow's.

There's hardly a scandal that sounds so thrilling to a woman as when somebody tells it to her coming home from church.

The executive committee of the Maine Teachers' Association has arranged one of the strongest programs ever presented by that association. The meeting will be held in Lewiston, Thursday, Friday and Saturday, Oct. 23, 24 and 25, and it is expected that the attendance will be larger than at any previous meeting.

Prominent among the speakers who have been secured for the general sessions is Dr. Frank DeWitt Thagge, who will deliver the address on Thursday evening.

Two Hundred and Fifty Good Stories.

The Youth's Companion abounds in stirring stories of adventure and heroism. One may describe an escape from accidental peril, another a strange encounter with wild creatures—man or beast.

Many of these stories are true as to facts, and only disguised as to names and places. A score or more of such stories will be published during 1910 in addition to nearly 200 others—250 good stories in all, and no two alike.

This is not counting the serial stories, which it is believed will be considered by old Companion readers as the best. The Companion has ever published.

Every new subscriber will find it of special advantage to send at once the \$1.75 for the new 1910 Volume. Not only does he get the beautiful "Venetian" Calendar for 1910, lithographed in thirteen colors and gold, but all the issues of The Companion for the remaining weeks of 1909, from the time the subscription is received.

The Value of Fats in Diet.

The tendency of to-day in many quarters is to exclude as much as possible the fatty portions of animal foods. Pieces of fat are carefully cut off the slice of ham, mutton, or beef, and only the lean parts are eaten. Indeed, for some unaccountable reason the eating of fat is regarded by not a few as positively vulgar. Such an attitude, of course, displays an ignorance of physiological facts. Cold feet, hands, fingers, ears, and chilblains would in many instances be avoided under a generous diet of fatty food. A digestible fat favors nutrition considerably; it spares much waste of the tissue-forming elements of food.

When lean meat alone is given, large quantities are required in order that nutrition and waste may balance one another, but if fat be added the demand for flesh is less. Besides, therefore, giving an advantage in regard to making good the repair of the body, the use of fat is economical from the point of view of pounds, shillings and pence. The absorption of large quantities of fatless meat, again, tends to overload the blood with nitrogenous waste products.

In anemic persons the partaking of an easily digested fat is commonly followed by the best results, nutrition is greatly improved, and the condition of the blood is often restored to normal. It is well known, again, that easily absorbable fats, such as butter, cream, codliver oil, bacon fats and drippings, are especially valuable to sufferers from wasting diseases.

The introduction of the old-fashioned and well-prepared suet pudding into the diet is in perfect accordance with scientific teaching, and from the dietetic point of view, especially in the feeding of young, growing people, does probably a really beneficial service to the country.

The assumed aversion to fat on the part of a great many people is silly and mischievous, for there can be little doubt that a reasonable proportion of fat in the diet is calculated to preserve the standard of health. Cases of true repugnance to fat, of course, exist, but they are rare on the whole they are rare.—The Lancet.

Mr. Whitney, a student of Hebron Academy, while engaged in a game of foot ball, broke his leg above the ankle. He was taken to the hospital in Lewiston.

LOVELL.
Charles E. Harriman.
Charles E. Harriman passed to the high life, at his home here, Monday, Oct. 11, after a long and painful illness covering a period of many years, and borne with great patience and fortitude. Mr. Harriman was a native of Lovell, being born here June 27, 1870, the youngest son of Amos and Mary Gilman Harriman. In 1892 he was united in marriage to Hattie A. Lary of Gilead, who survives him. One son has been born to them, Walter E., now sixteen years of age who has been their comfort and mainstay in this time of trouble. Mr. Harriman was stricken in early manhood with an honorable disease, heart trouble, and has sought in vain for health. In 1895 he went to Idaho, thinking the change in climate would benefit him. Although seriously handicapped, he was not discouraged and has lived an active life. For some time he conducted a store in Portland, again in Westbrook on his own account, each time being obliged to stop because of ill health. He also opened a branch clothing store for "Benoit" at Bridgton, and for a number of years traveled and worked for the Union Mutual Life Insurance Co. and Singer Sewing Machine Co. of Portland.
At last his health was so bad he came back to Lovell and bought a farm, moving here in August, 1907, where he has been since. He was a pleasant sunny disposition, where ever known. He had many friends. Only the Saturday before his death seemed to feel the loss of him, speaking cheerfully to those that passed. He leaves an aged mother who resides with her daughter in Cumberland Mills, and owing to illness, was unable to see her husband at rest. She has been a widow many years, and has been the mother to a family of eleven children, and has only two left to her now, Mrs. John Stokes and Stephen Harriman. Mr. Harriman was a member of S. D. Warren Council No. 4, Order of American Mechanics of Cumberland Mills.
The funeral was from his late residence, 137, to the cemetery at 10 o'clock, Wednesday, Oct. 13, at two o'clock C. H. Brown, conductor. Rev. Franklin Reeves spoke beautiful, comforting words to the family.
The floral tributes were beautiful. He seemed to rest in a bed of flowers. He was laid to his last long rest in the cemetery at No. 4. "He is not dead, but sleeping," Horace Kimball, J. W. Howe, J. E. Thompson and Chas. Norton, who were bearers, times. Last August he went to the Maine General Hospital, Portland, hoping to find relief, but there was no hope. He failed rapidly since his return. He has been tenderly and faithfully cared for by his devoted wife and son, but nothing could keep him longer.

A Star Course of Entertainment.
There will be a Star Course of entertainment given in Norway this winter commencing at the home of Prof. C. Wilson, a musician, will give the first entertainment, and on January 1st an illustrated lecture on Labrador will be given by Dr. Frederick B. Brock, a lecturer on the same subject. The entertainment will consist of the Harvard Male Quartet with reader, the dramatic recitation of 14 by Mrs. Charlotte Adams Dime, and entertainment by the Boston Lure and Concert Co.
These five entertainments are all the highest artistic merit and will well worth the price of admission. They will be instructive as well as entertaining. These will be given at Opera House.
This Star Course has been arranged under the auspices of a committee consisting of Mrs. B. F. Bradbury, Mrs. E. Jones, Mrs. Geo. Cummings, Mrs. W. Sampson, Charles F. Hill and M. C. Ward.
This is not a money making scheme but an endeavor to give the community a course of entertainments by which a course of high prices and will appear in first class courses in the cities this winter. Although the committee believes the people of way appreciate entertainment of the highest merit and tickets that the course tickets will meet the cost.
